LEASERS ON THE BIG CHIEF AT MANHATTAN OPEN UP A NEW VEIN

Special to the Bonanza
MANHATTAN, Sept. 16.—A second shoot of ore, of large size and excellent milling value, has been struck in the Big Chief claim by leasers. It runs more than five feet wide in places and in no place less than two and a half feet. The values, it is estimated by pannings, will average better than \$15 a ton and probably \$20.

The lease has been worked less than two weeks yet in only a portion of that time 50 tons of ore have been taken out and stacked up on two dumps. This is a record for a new lease that is seldom approached in this or any camp.

One feature which makes it peculiarly attractive is the cheapness with which the ore can be mined. It is a tunnel proposition and the tunnel was already in to within a few feet of the shoot. There is no expense for hoisting or pumping or for a plant of any kind. It is only a matter of stopping and wheeling the ore out to the dumps. This reduces the cost of production to a minimum and places it in a class where any ore that can be mined at a profit can be handled at this lease at least without loss.

It was supposed that ore from as near the surface as this is—less than 25 feet—would be strictly free milling, but such is not the case. While this ore pans \$15 to \$20 and even as high as \$100 in the free, there are always present sulphides which prove that it must be cyanided to get all the values.

The lease is located near the top

NOTICE K. of P.

The real estate market will be "dull" most of the time if you try to sell property without the help of the Bonanza advertising.

If you "Keep Boarders" at all, why not keep enough boarders to make it pay? A small campaign of classified advertising in the Bonanza will keep you busy.

AMUSEMENTS

Butler Theater

Any one not attending the Butler theater this afternoon or evening will miss a very fine program of pictures, as follows: "Honor Thy Father," Lubin drama; "Redemption of Red Rube," Vitagraph western drama; "Marjorie's Diamond Ring," Edison comedy, and a Biograph entitled "Heaven Avenges." The old widower stricken ill, his daughter Ynez takes his place in the orange grove. The rich owner of the grove, while making his rounds, sees Ynez and is attracted by her beauty. A man of whims, he is in a measure infatuated with her. Being in poor health, owing to heart trouble, he is cautioned by his physician against undue excitement, hence none of his own household try to thwart him when he proceeds to fascinate the girl. Of course, his nature being capricious, he soon tires of the pretty senorita and the pledge he bestowed proves worthless. Fearing the scorn of her father, she leaves his house. Her former sweetheart tells her father of his suspicion and the old man goes to the orange grower, but he pleads in vain. It is then that both the boy and her father vow vengeance. Fate intervenes, however, for the man dies, a victim of heart failure. Later the poor girl is drawn back home where she finds a father's heart yearning for her return.

KILLED WHEN PROPOSES ELOPEMENT WITH MRS. SNEAD

AMARILLO, Tex., Sept. 16.—It is rumored authoritatively that Snead's motive for the Boyce killing was an intercepted letter from Boyce to Mrs. Snead, proposing an elopement. Snead is in jail, unconcerned, and confident of acquittal.

SLAYER OF GOLDFIELD MAN IS HURT IN MINE

RECEIVES PROBABLE FATAL INJURIES WHEN STRUCK ON HEAD BY FALLING ROCK

"Buster" Brown went to work Friday night at the Merger shaft for the first time since the fatal quarrel with Rupert Maxgut on August 28, and at 3 o'clock yesterday morning a 25-pound rock fell upon his head in the cutting at the 1400-foot level of the shaft, where a station is now being made, says the Goldfield Tribune. Brown now lies at the hospital with a trephined skull, broken ribs and suffering in addition from an injury to his spine.

When the accident occurred he was well in the cut and the rock came down from above, hitting him squarely on the head and shoulders and forcing him to the floor. Fellow workers rescued him immediately and he was hurried to the hospital. There Dr. Wheeler found that a fracture of the skull had occurred and that the bone was pressing into Brown's brain. It was necessary to trephine the skull and this was done. Dr. Wheeler says Brown has a chance to recover.

On Friday night Jack Warman and Eugene Green were working in the same cut when they were caught by dropping rocks. Warman, who is a single man, sustained a bad scalp wound. Green, who is married and lives at 316 Sundog avenue, was badly hurt, and is suffering from concussion, besides having several scalp wounds.

By a single coincidence, at the very time Brown was lying unconscious, and perhaps fatally injured on his cot at the hospital, the widow

of the man for whose death he was responsible was applying to Judge Somers in the district court for an order giving all Rupert Maxgut's property to her. The property consists of four lots, slightly improved, and it was stated to the court to be worth less than \$500. The widow said she and the little 8-year-old girl were the only heirs.

The order asked for was signed by Judge Somers after hearing the testimony of Mrs. Maxgut. She was represented by M. A. Diskin.
